BDCP P & N letter 7-22-10.pdf

FYI. It references our letter, the Congressional letter, and the Delta Stewardship Council's letter. These are the three enviro groups who are actually working on the BDCP as members of the Steering Committee.

Karen,

Please see the attached letter submitted by The Bay Institute, Defenders of Wildlife and Environmental Defense Fund regarding the Purpose and Needs statement. As we discussed earlier today, this issue is of great importance to our organizations (and to other interests, some of which have already put their concerns in writing) and we believe revising and clarifying the statement at this stage in the process will help lead to a more credible and successful plan.

We would be glad to meet with you as soon as is convenient to discuss this further.

Thank you,
Ann
